Official Leave No Trace Trainer Course

Upon completion participants will receive full accreditation as a BSA Leave No Trace Trainer. Graduates will also be recognized by the Center for Outdoor Ethics as a LNT Trainer and will have the opportunity to register with the center as a Trainer level instructor. Participants need not be a member of the BSA to enroll in this course.

Adult Leave No Trace Trainers

Trainers are needed at every level in Scouting to encourage everyone to participate in the concepts of Leave No Trace at every outing! Cub Scout Packs need awareness seminars aimed at both Adult and Youth to prepare them early-on to make ethical choices while outdoors. Troops, Crews, Post, Ships and Teams all need adult advisors to oversee our youths instruction and implementation of the LNT principles. District and Council level leaders including professionals should have an awareness of the LNT movement and ability to offer Instruction, Advice and Assistance with implementing LNT in the planning of our events

Youth Leave No Trace Trainers

The BSA has implemented a Youth position in Scouting, called the Leave No Trace Trainer. This position is a fully accredited "Youth Leadership Position" meeting advancement requirements for leadership in the Troop, Crew, Post, Ship or Team. To qualify for this position a Scout must have the endorsement of their Scout Master or Advisor and be at least 14 years of age, and completed 1st Class for Boy Scouts. The Scout must also have completed a LNT Trainer Course. Adult Leaders should take careful consideration when endorsing youth for this position as the trainer course is lengthy and once installed as the units trainer, the Scout will be expected to teach and implement the principals of LNT. Units sending youth to this course are encouraged to send an adult as a participant to become an Advisor for this youth. Units sending more than one youth are required to send an adult.
