"The SCOUTING CLAYS CLASSIC... our 13th Anniversary!"

"The Illowa Council is pleased and proud to invite you to the 13th Anniversary celebration of the Scouting Clays Classic. The Classic is a major fundraiser for the Council, our locally owned and operated Scouting organization in 13 counties on both sides of the river. And thanks to your generosity, the Classic has returned over \$456,000 to the local Scouting program since its beginning in 1998. Boys in Cub Scouting and Boy Scouting, young men and women in Venturing, Exploring and Learning for Life are all part of programs that foster character development, citizenship training and personal growth. It's a formula that has improved lives in America for almost 100 years.

But these growth opportunities require continuous community support. We already have that from over 3,000 local adult volunteers who work directly with the youth in our programs...and since 1998 we've also had it from you. We hope you have enjoyed the Classic over those years and that you continue to do so. We also believe that your participation tells this community many of the things you would like them to know about you or your company, and we think that counts for a lot. So **"THANKS"** again from all of us in Scouting!

THANKS
