Notes and FAQs for Completing Flying Plan Application

Tour Leader

You are responsible for completing the tour plan and this application as required by the local council, obtaining parental consent for all participants, and gathering required insurance information and support material from the aircraft owner and pilot. Tour leaders are responsible for obtaining approval of both the unit committee chair and unit leader. Tour leaders must submit completed applications to the council at least two weeks in advance of the activity. Councils may require additional time for special activities, and unit leaders completing this application should plan accordingly.

Pilot, Aircraft Owner, and Insurance Information

Attach additional copies of this information for each aircraft that will be used, each pilot-in-command, and applicable insurance information. Pilot information must include copies of the pilot's current certificate and medical certificate.

Parents/Guardian

A consent form, No. 19-673, for each participant under 21 years of age must be completed by the youth's parent or guardian.

Local Council Office Checklist

Review that all requested information (listed below) has been provided on the application. Affix the council stamp at the bottom of page 1, and return a copy of all pages to the unit leader.

- Parent or guardian consent form for each youth participant attached to this application
- A copy of each pilot's certificate and medical certificate attached to this application
- Pilot total hours required (250 hours for basic orientation flights; 500 hours for advanced orientation flights)
- Aircraft and insurance requirements satisfied
- Tour plan completed

FAQ

Q: My pilot certificate number is my Social Security number. May I strike through it or white it out on the required copy?

A: Yes. It is recognized that pilots who have not had their Social Security numbers removed from their pilot certificates may strike out the information.

Q: Our pilot only has the new sport pilot rating. Can he be a pilot in command of the orientation flight?

A: No. Sport pilot certificates are not authorized as no medical is required.

Q: Our unit has been offered an orientation flight by the U.S. military, but not all the information required on the application can be obtained. May we still conduct the orientation?

A: Commissioned officers and warrant officers of any armed service may act as pilot in command of a military airplane or helicopter in which they are current as the aircraft commander for either a basic or advanced orientation flight. Only the aircraft portion identifying the aircraft as military and a parent or guardian consent form for each youth participant are required.

Q: Since we encourage Young Eagle Flights, can we utilize experimental aircraft?

A: No. Only aircraft with standard airworthiness certificates may be used on orientation flights.
